BIGGEST BATTLE YET

Turks Attack the Greek Forces in Thessaly.

REPULSED AFTER A HEAVY LOSS.

The Fighting Was Very Severe—The Battle Will Be Continued Without a Doubt. Great rejoicing in Athens over the News from the Frontier—News from Different Sources.

ATHENS, May 6.—A dispatch received here from the front says that the biggest battle of the war between the Greeks and Turks began at Aivali, between Velestino and Pharsalos, early yesterday morning. As a result of it the Turkish force of 40,000 men has been repulsed. The Turkish plan was to seize the hills on the north, dividing Pharsalos from Velestino.

Following is the official dispatch from Major Pallis, chief of staff of the Greek forces in Thessaly, describing the fight:

"The Turks attacked our advance at 2 o'clock. For several days the enemy's movement had indicated an intention to cut off our left wing and yesterday they attacked our front. Our advance posts retreated, as they were fighting against very superior numbers, and took up a position in front of our right wing.

"An artillery duel ensued along the extensive line. The enemy's infantry advanced in perfect order at three points and in large numbers, but they were speedily checked by our infantry.

"The respective losses are as yet unknown.

"The crown prince took a very active part in the combat, and advanced with in range of the Turkish fire, greatly inspiring the men. Prince Nicholas was equally active at the right wing and directed the fire of his battery against the Turkish batteries. His coolness greatly encouraged the troops.

"We maintain all our positions intact and the engagement will certainly be continued. We calculate that about 15,000 Turks attacked our right wing. They rushed down the hill slopes in vast numbers. The enemy was our superior in both artillery and cavalry; the caliber of their guns was larger, while their number was almost double ours. We had no cavalry, because our only squadron has been used for scouting and had gone to Trikala."

There is great rejoicing here over the receipt of the news from the frontier. The government has forwarded to Crown Prince Constantine and Prince Nicholas its warmest congratulations. The king and cabinet have also addressed a manifesto to the troops, congratulating them upon their courage and patriotic devotion.

The public is overjoyed and is already forgetting the early blunders of the campaign. A decisive battle is expected at Pharsalos.

The Greek fleet has captured at the entrance of the Gulf of Salonica a schooner, in which Sir Ellis Ashmead Bartlett, the Anglo-American member of parliament who recently visited the Turks. The vessel will be taken to the Piraeus for examination. It is reported that documents of a seriously compromising character have been found on the schooner. These will be turned over to the government.

THE NEWS CONFIRMED.

An Associated Press Correspondent's Account of the Battle.

PHARSALOS, May 6.—The correspondent of the Associated Press says that the Greek line was attacked yesterday by a Turkish force of 20,000 infantry in addition to artillery and cavalry. Colonel Makeys commanded the left Greek wing and Colonel Mavromichalis the right wing. Both repulsed the Turks with great slaughter.

The railway station was destroyed by the Turkish shells, and railway communication between this point and Volo is interrupted. Preparations are being made with the utmost activity for the battle which seems inevitable to follow.

ANOTHER ACCOUNT.

There Has Been a Great Slaughter and the Battle Continues.

LONDON, May 6.—The Athens correspondent of The Daily Mail says: "Ten thousand Turks attacked the Greek position at Velestino. The fire ceased at 4 o'clock yesterday afternoon and it is evident that the Greeks have met with a great success."

"There has been great slaughter at Pharsalos, where the battle is proceeding. Crown Prince Constantine telegraphs as to the engagement at Velestino: 'With God's help our side has conquered.'"

Drowned With Blood.

LONDON, May 6.—The Athens correspondent of The Times says: "Simultaneously with the attack at Velestino, the Turks attacked the Greek outposts at Tatar, near Pharsalos. It is said that both attacks have been repulsed by the Greeks. General Smolenski says: 'The brigade at Velestino is drowned with blood.'

CALLERS AT THE WHITE HOUSE. Some of the Beauties of Being President of the United States.

WASHINGTON, May 6.—There has not been such a crowd at the White House in weeks as thronged the presidential anterooms yesterday. Mr. Bartholdi of Missouri headed a delegation of about 20 St. Louis Republican politicians who called to make a vigorous protest against the recognition of National Committee-man Richard C. Kerens. They are partisans of C. I. Filley and went so far in their protest against Kerens as to request the withdrawal of the nomination of Mr. Smith, who was appointed collector of customs at St. Louis on Kerens' recommendation.

A delegation of Kickapoo and Potowatommie Indians, with painted faces, feathered headgear and colored blankets, saw Mr. McKinley and urged him through their interpreter, to appoint W. S. Field of Oklahoma territory deputy commissioner of Indian affairs.

General Grosvenor and the other members of the Ohio delegation in the city unitedly presented ex-Congressman George Wilson of Ohio for comptroller of the treasury.

Stephen Collins and A. D. Wilkins of Pittsburgh, representing the Junior Order of American Mechanics, were introduced to the president by Colonel W. A. Stone, and had a talk with him about the appointment of a commissioner of immigration. The order is not backing any candidate, but is desirous that the appointee should earnestly favor the restriction of immigration.

A delegation from the national Saengerbund, accompanied by Mayor Warwick of Philadelphia invited the president to attend the national Saengerfest in the City of Brotherly Love during its session, June 21-26. They told Mr. McKinley that 40 cities and 11 states would be represented and that there would be a chorus of 6,000 voices and an orchestra of 250 instruments. The president said he would be glad to attend if his official duties would permit.

Michael Davitt, the Irish leader, was introduced to the president by Patrick Egan, ex-minister to Chili.

Another visitor at the White House yesterday was W. L. Disston of Quincy, Ills., who achieved considerable notoriety at the St. Louis convention and seeks the position of marshal for the southern district of Illinois.

Senators John P. Jones, Thurston and Fairbanks and ex-Congressmen Aldrich of Illinois, were among the other prominent persons who saw the president.

NATURAL GAS STILL FLOWS.

The Greatest Gasier in Indiana Has Just Been Drilled In.

PETERSBURG, Ind., May 6.—The gas well recently drilled here was given a formal test last night, having been placed under control during the day by W. T. Warner, an expert operator. When the tester was applied it registered a pressure of 585 pounds, which is 215 pounds greater, as claimed, than ever previously registered by any well in Indiana. The estimated flowing capacity per 24 hours is 4,000,000 cubic feet. The gas was found at a depth of 1,161 feet. The drill only penetrated two feet in the gas-bearing rock and it is claimed that had it gone deeper the well would have been uncontrollable.

The well is owned by the Petersburg Mining and Manufacturing company, of which ex-Congressman A. H. Taylor is president.

Expectations are raised to highest pitch on account of the find. It is now believed that a great gas field underlies this vicinity, and already there is talk of piping natural gas to Evansville and other points so long bereft of nature's greatest fuel.

Buy Shoots His Playmate.

UNION CITY, Ind., May 6.—Guy Robins and Clifford Teegarden, aged about 16 years, of Woodington, O., were attempting to shoot rats with a revolver yesterday afternoon, when the revolver in the hands of Teegarden accidentally exploded and the ball entered Robbins' abdomen. Dr. Ed Reynard of this city was called, but the lad was past human aid and died about 2 o'clock in the morning in great agony.

Ex-Preacher Hanged.

SOMERVILLE, N. J., May 6.—Jacob S. Johnson, an ex-preacher was hanged yesterday. He died protesting his innocence. The conviction was a case of circumstantial evidence. Johnson being charged with murdering Annie Beekman, a woman who had lived at his house and whose body was found on Sept. 12, 1895, bearing evidences of strangulation. Both were colored.

Jail Delivery Frustrated.

VINCENNES, Ind., May 6.—A jail delivery was frustrated by Sheriff Orndorf last night, which, if successful, would have liberated 17 prisoners. A tranty gave the plans away and the sheriff found saws, files and hammers, together with a bottle of acid secreted in one of the cells. It is not known how the prisoners got possession of the tools.

A Switchman Commits Suicide.

TERRE HAUTE, Ind., May 6.—Daniel O'Neill committed suicide with morphine and was found dead in bed yesterday morning. He was out of work and was recently divorced from his wife, with whom he had been having much trouble. He was a switchman, who had been employed on the various roads centering here for years.

PITTSBURG, May 6.—The miners' strike at Finleyville, on the Wheeling division of the Baltimore and Ohio road, has been declared off. The men decided to accept the 54-cent rate. About 1,000 men were affected.

DISASTER IN PARIS.

One Hundred and Thirteen Lives Were Lost.

ONE AMERICAN AMONG THEM.

A Mrs. Porges Whose Family Resides in Vienna—Some Estimates Place the Number of Dead at 143, Others at a Still Higher Figure Over Five Hundred People Hurt.

PARIS, May 6.—So far as can be learned there is only one American victim of the bazaar disaster, a Mrs. Porges. She was formerly a Miss Weisweller. Her daughter accompanied her to the bazaar and escaped uninjured. The Porges family reside in Vienna. It is indeed remarkable that only one American's life was lost in the disaster, because just now there is an unusually large number of Americans in Paris and they are generous supporters of such fêtes as the Grand Bazaar de Charité.

Up to the present time 94 corps have been positively identified. There are still 19 bodies unidentified.

It is now estimated that there were about 1,200 persons in the building when the fire was discovered, about one-half of whom escaped unhurt. Some estimates place the number of dead at 143, others at a still higher figure.

The unidentified bodies, as well as the jewels recovered from the debris, have been photographed by the Bertillon method.

The funeral service of the victims has been fixed for the cathedral of Notre Dame. M. Faure will attend, and Pere Richard will probably officiate.

At last night's session of the cabinet it was decided to ask the chamber of deputies for a special credit in aid of the needy families.

The minister of justice has communicated to his colleagues the first results of the inquiry into the cause of the fire. The investigating magistrate, M. Berthoin, reports that there was great carelessness and imprudence in the principal arrangements for the bazaar.

SHORTER HOURS.

A Committee of the International Typographical Union Favors It.

INDIANAPOLIS, May 6.—The committee of the International Typographical union, in session here, made a partial report, stating that the depression at present existing throughout the country made the time most propitious for the immediate enforcement of the suggestions relative to shorter hours, contained in the proposition adopted by a referendum vote of the membership, consisting of the compositors, electrotypers, mailers and photo-engravers. They realize they say, that shorter hours can only be secured by united action and a vigorous and carefully planned campaign. The statement concludes as follows:

"An active propaganda will be instituted among the allied branches, and the committee decided to send the chairman, James J. Murphy, to the Detroit convention of the International Printing Pressmen's union which meets June 18, next, to secure the active cooperation of the pressmen. In a few days letters will be sent to the various subordinate unions of the International Typographical union containing a preliminary outline of what is expected, and asking for the appointment of sub-committees to take charge of local work."

HAVANA DISPATCHES.

What the Spanish Censorship Is Permitted to Give to the Public.

HAVANA, May 6.—Captain General Weyler arrived yesterday at Cienfuegos, province of Santa Clara, coming by rail from Ysabela, where he landed from the cruiser Pizarro on Monday, going thence by train to Sagua.

General Suarez Yanez, being informed that a quantity of war material for the insurgents had been landed near the mouth of the river Mosquito, province of Pinar del Rio, sent detachments of Spanish troops in that direction with the result that they captured an insurgent camp at Tallero and another at Ojo de Agua. The enemy left five men killed and the government forces captured 63 boxes of ammunition containing 36,500 cartridges for the Spanish Mauser rifle and the American Remington rifle.

The Tetuan battalion at Reforma, province of Santa Clara, it is officially reported, has been engaged with the cavalry of General Maximo Gomez, inflicting considerable loss on the insurgent force, which retired by way of the woods to San Fernando. The official report adds that the Spanish troops dislodged an insurgent infantry force from entrenched positions at the point of the bayonet at Guaya and Guayabon. The Spaniards had two captains, a lieutenant and 12 privates wounded.

A scouting detachment of the Spanish troops recently found two dynamite bombs on the railroad between Sancti Spiritus and Tunas, province of Santa Clara.

A local guerrilla force, while reconnoitering in the vicinity of the plantation of Yugarri, Calimonte, province of Matanzas, captured a box containing 16 new Remington rifles.

The insurgents have dynamited a telephone repair train near Minas, between Nuevitas and Puerto Principe, killing two and wounding four soldiers.

and volunteers. A passenger train which was coming along at the time had a very narrow escape from disaster.

Ex-Governor Ordax of Puerto Principe was recently appointed governor of the province of Santiago de Cuba.

The insurgent leader, Calixto Sotopena, his adjutant and 16 of their followers have surrendered, it is announced to the Spanish authorities at Sancti Spiritus.

The Murcio and Puerto Rico battalions have had a skirmish in Santa Clara with an insurgent force. The insurgent major, Luis Martinez, and 19 of his command were killed.

Lieutenant Governor Ferror, who has been operating against the insurgents in the district of Yaguaromas, province of Santa Clara, says that part of the province and a part east of the Cimanga de Zapata is favorable to peace. He adds that the insurgents are unable to face the Spanish forces. The well known insurgent leaders Guzman and Pino, it is added, have been killed at Momenque and Almoia has been obliged to surrender to the Spanish authorities.

The government has ordered the Competitor case to be proceeded with immediately. There will be a separate proceeding in the case of the Americans Ona Melton and William Leavitt, to conform with the provisions of the treaty of 1821. It is understood that the government is "favorably disposed" and that the result of the trial in their case will be a release. It is stated that Alfredo Laborde has not been able to prove his American citizenship.

GREAT STRIKE BEGAN.

It Involves a Number of Important Cities Throughout the United States.

CHICAGO, May 6.—The strike of the building trades has spread beyond Chicago and is likely to involve important work in a number of other cities. Yesterday the officers of the plumbers' union and of the junior steam fitters' union used the telegraph wires to stop work on jobs being run by Contractor Prentiss in St. Louis; D. M. Quay in Syracuse, Worcester, Mass., and Columbus, O.; J. J. Wade in St. Louis; Baggett & Company in Indianapolis, and Smith & Thomas in Columbus, O. The union men claim to have received word from all the places that the men have stopped work.

The situation in this city is more strained than at any time since the trouble began. At a meeting of the master steamfitters yesterday the organization decided that it would not grant the increase asked by the men, but many members of the organization made individual agreements with the men after the adjournment of the meeting.

The Republicans are going to have a merry time over the Dingley bill.

The new Republican tariff bill places a tax of 10 cents on tea. Wonder what "infant industry" they want to protect now.

The Republicans intended rushing a tariff bill right through Congress, but it will be quite a while yet before Mr. Dingley's pet measure becomes a law. There's a wide difference on the subject between the Senate and House.

At last accounts Eden Park Reservoir remained in Cincinnati. The waterworks thieves had gotten away with about all else.—Public Ledger.

"Stonishing, isn't it, the way some Republicans will go down on most anything old thing they can get their hands on?"

The Republican Committee of Carter County got into a hot wrangle over Congressman Pugh's plan of selecting postmasters. When the committee referred the whole thing back to Pugh, the Chairman got mad and resigned, and J. B. Gregory was chosen in his place. Judge Pugh hasn't heard the last of his plan to keep out of these wrangles.

The Frankfort Capital doesn't intend giving Dr. Hunter any rest. It now demands an investigation of his accounts as Chairman of the Republican State Campaign Committee. Gov. Bradley's organ wants to know what Hunter did with about \$50,000 that came into his hands when Chairman as aforesaid. The editor of the Capital, it seems, believes in jumping on to a fellow when he's down. Perhaps he isn't convinced that Hunter is yet down.

To the Democrats of Mason County. I am, as you are aware, a candidate for re-election as Representative, subject to the primary next Saturday, and respectfully solicit your support and influence.

If you believe I have made you a faithful Representative I ask for that endorsement at your hands that the Democrats of the county have been accustomed to giving those whom they have honored in the past.]

My duties during the extra session of the Legislature have kept me at Frankfort, and prevented my visiting you during the campaign. I leave the matter, however, in your hands, relying upon your good judgment and your sense of right and justice. Thanking you for past honors, I am, respectfully,

JAMES E. CARRILL.

THAT PENITENTIARY STEAL.

The Accused Men Say the Real Culprits Are Prison Officials.

FRANKFORT, KY., May 4.—The five men for whom warrants were issued yesterday, R. H. Suter, K. H. and Ambroso Ethington, William Sharp and Wendell Trout, charging them with collusion to defraud the State under a lumber contract, came to Frankfort to-day and gave themselves up, and were admitted to bail in the sum of \$250 each. They will have an examining trial Thursday.

Sutor is indignant over the charge, and says the real culprits are officials connected with the prison, who are doing all in their power to throw the public off the scent by charging Democratic lumber dealers with the crime. Some startling facts may be developed on the trial.

Season Backward, But the General Tone of Reports Encouraging—Weekly Bulletin.

(For Week Ending May 3rd.)

The week opened with the favorable conditions of clear weather and high temperature. These continued to and including April 29th, though on the latter date light scattered showers fell in various parts of the State. From April 30th to date of report, cool, cloudy and showery weather has prevailed in all parts of the State. The amount of rainfall, while in excess of the normal generally, was greatest in the central counties and least in the southern and western. The temperature exceeded the normal on April 28th and 29th, but there was a deficiency during the remaining days of the week, which ranged from 15° to 20° during May 1st and 2nd.

The general tone of correspondents' reports is encouraging, despite the somewhat unfavorable weather conditions of the week as a whole, and all forms of vegetation have made fair progress. The season is still some weeks backward, but as yet no injurious influences of consequence are reported. A period of warm, sunny weather will greatly aid in bringing crops up to their normal condition for the season. Snow fell quite generally in the northern and eastern parts of the State during Sunday.

Let every school in the county send delegates to represent them in this important work. Let collections be taken and reports of the condition of all schools be made and sent to me before that time.

Blanks have been sent for this purpose. Each school in the county, without regard to denomination, should be represented in this convention.

Friday's Cash Sale!

Last week was one of our lucky weeks. We came across a great big bargain in spring and summer underwear, and Friday it's your turn to be lucky. The lot consists of four qualities of Ladies' Vests. The values are like this:

Good Ribbed Vests, 4c.; white, full length, neatly finished neck and sleeves.

Richelieu Ribbed Vests, 10c.; white or cream, made of best Maco cotton, taped neck and sleeves; would be cheap at 15c.

French Ribbed Vests, 15c.; white or cream, neck and sleeves scalloped and silk taped; pretty as lisle thread. You'd feel a quarter well invested in them.

High-Neck Vests, 25c.; Long sleeves, pearl buttons, silk finishings, white or cream, French or Richelieu ribbed, are unusual value.

Don't miss this sale and sigh over your neighbor's greater wisdom. If you don't need light-weight Underwear today, to-morrow may bring the weather that will demand it.

Friday's paper will have something in this space to interest you.

GOING TO FIGHT THEM.

The Turnpike Raiders Will Be Given a Warm Reception Over in Bath County.

The County Judge of Bath County is getting tired of the turnpike raids.

It has developed that he intends to put guards at all of the gates now standing and to put up the demolished gates and place men on guard.

These men will see to it that if the raiders start their devilry again they will get the contents of several Winchesters.

There is much indignation over the continued depredations and the Judge is being warmly congratulated for his determined stand against them.

RICH NEW YORKERS.

Twenty Men Who Own One Eighteenth of All the Real Estate of That City.

[New York Herald.] Twenty individuals and estates own nearly 18 per cent. of the real estate in the city of New York; with perhaps 150 others this score owns 50 per cent., and the remaining half of the metropolis of the Western Hemisphere is in the hands of a few of the 2,000,000 persons who live here and pay rent.

The figures upon which the Herald bases this statement have been compiled with infinite care from tax receipts and other reliable sources of information, the table printed herewith being subsequently submitted for revision to real estate experts having intimate knowledge of the great estates. If any fault can be found with the estimates it is that they are too low—by 25 per cent. in most of the cases cited—but this is erring on the right side.

The assessed valuation for real estate in this city for 1897 will be in the neighborhood of \$2,000,000,000—the figures have not yet been revised—and of this sum \$352,000,000, or 17.6 per cent., is represented by the holdings of a score of owners distributed in this way:

William Waldorf Astor.....\$110,000,000
John Jacob Astor.....70,000,000
Robert and Ogden Goelet.....35,000,000
Amos R. Eno.....25,000,000
Arnold-Constable estates.....12,000,000
D. B. Poiter estates.....11,000,000
Elbridge T. and Louise M. Gerry.....10,000,000
Jacob Wendum.....8,000,000
Alfred Conrundy Clarke estate.....8,000,000
James McCreery.....7,000,000
William Rhinelander estate.....7,000,000
Langdon estate.....6,000,000
Geo. Ehret.....6,000,000
D. O. Mills.....6,000,000
Solomon Loeb.....6,000,000
Stokes estate.....5,000,000
Furruiss estate.....5,000,000
Roosevelt estate.....5,000,000
Matthew Wilkes.....5,000,000
D. Willis James.....5,000,000

Total twenty holders.....\$352,000,000
It will be borne in mind, of course, that the totals given above are entirely exclusive of all personal property, and of all real estate not included within the boundaries of the present city of New York.

Condensed Testimony.
Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind. testifies that he was cured of a cough of two years standing, cause by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinsville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at J. James Wood's drug store.

River News.

The coal fleet ought to pass here to-day. The old Ohio keeps at a fine stage. Stanley for Pomeroy and Keystone State for Pittsburg to-night. Down to-night: Sherley.

Gallipolis, the home of more river men than any town between Pittsburg and Cincinnati, contains one of the oldest, if not the oldest, pilot and master above the falls in Captain Gus Brown, who is nearing his eightieth birthday. Captain Brown has navigated the Ohio and Mississippi rivers from sources to mouths, and began his career in steamboating on the Great Kanawha. He was master of the James Watson, which sunk near Helena in 1864 and drowned many people. He also commanded the Leavena Logan and Ohio No. 2 and Lady Pike during the war, the former boat being used in the service. He also commanded the old steamer Spray in the Cincinnati and Nashville trade way back in the sixties. Captain Brown has been on thirteen steamers that sunk and two that burned and has had many narrow escapes from death.

The Wyandotte Ball Team.

The Wyandottes met at the "Exchange" last night to organize a ball team. The following officers were elected: Sachem—Richard Huffman. Manager—N. C. Hutchison. Captain—W. P. Hicks. Treasurer—B. B. Pollitt. Secretary—E. Willison.

The manager is ready to receive all challenges.

Seems as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the phonograph, the electric light—all were once impossible, and once it was impossible to cure consumption. That was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this standard remedy will cure 98 per cent. of all cases of consumption. Consumption is caused and fostered by impurity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

Dr. Pierce's Common Sense Medical Adviser, a 108 page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

The Lawn Tennis Courts To Be Fitted Up On West Second—Bible Class Meeting—Other Matters.

The regular monthly meeting of the Woman's Committee will be held in the parlors to-morrow at 3 o'clock.

Secretary Canfield has a matter of importance to present to the members of the Bible class at their regular meeting to-night and it is hoped that all will try and be present. The class meets at 8:45 instead of 8:15. Notice the change of time.

Another meeting of the tennis enthusiasts was held last evening and several good moves made for a better association. A vote of thanks was extended Messrs. Clarence Mathews, William D. Cochran and Dr. Franklin for donating an outfit, and to Mr. Oliver Hord for surveying the grounds. The offer of Mr. Wm. H. Cox of the lot east of his residence was accepted with many thanks. Work will begin on the grounds to-day, and by Saturday two courts will have been put in fine shape for playing. See Mr. Preston Wells, Allen Dodson or Pearce Browning if you wish to become a member. Mr. Joseph Easton resigned as Secretary and Treasurer to become Manager. Mr. Pearce Browning was elected to fill the vacancy. Join the association and help a good thing along.
